This activity will help you get better at thinking of words.

Use the different cues to help you say the names.

Description

First Letter

Written Word

Phrase Completion

First Sound

Spoken Word

Least → Most

The cues move from least helpful on the left, to most helpful on the right.

Click 'next'

Why?

Over time, you'll need less help, building independence. This is called a cueing hierarchy.

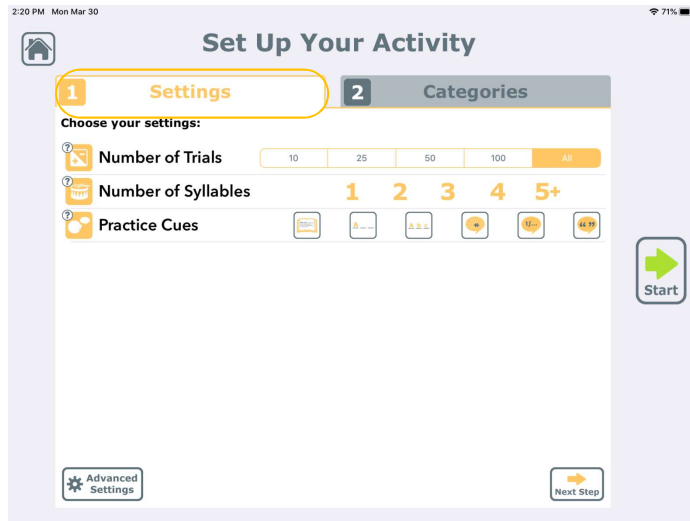

Tip: Turn off any cues you don't need in the Settings.
